[The Guardian] Did 2025 mark the end of British parliamentary democracy as we know it? | Andy Beckett

Thu, 25 Dec 2025 10:00:37 GMT

The conventions and rituals that define the way we do politics rapidly eroded this year – setting the UK on a course into the unknown Was this the year that British democracy as we have known it began to turn into something else? Politicians, voters and journalists have made this claim before – when their side has been
